## Annamarie Phelps President, European Rowing

We are thrilled to be welcoming you back to Kruszwica! European Rowing is delighted to be bringing the youth of Europe back together in Poland for the prestigious 2024 European Rowing Under 19 Championships, set against the charming backdrop of Kruszwica. On behalf of the Board of European Rowing, it is my great pleasure to extend a warm invitation to all participants, coaches, officials, and rowing enthusiasts to converge here in June.

Kruszwica, with its scenic landscapes and historic significance, provides an idyllic setting for this event celebrating the promising young athletes who represent the future of European rowing. It is a testament to the vibrant and dynamic nature of our sport that we will see the next generation of rowers pushing boundaries and striving for excellence on the tranquil waters of Lake Gopło.

The invaluable experiences gained in Kruszwica will shape their journeys as they progress through the ranks, contributing to the rich tapestry of European rowing.

I extend my sincere appreciation to the Organising Committee, volunteers, and sponsors who are working tirelessly to make this championship a safe, successful and enjoyable event for everyone. Their dedication ensures that these young athletes have the opportunity to shine on the European stage and take another step forward in their rowing careers.

Annamarie Phelps  
President, European Rowing

## Adam Korol President Polish Rowing Association

Dear Rowing Friends!

It is my greatest honor to invite you to participate in the 2024 European Rowing Under 19 Championships.

Kruszwica is a truly beautiful city – a legendary capital of Poland – situated in the heart of Poland, on the shores of the Goplo lake. Kruszwica is not the only legendary capital of Poland, but it is also – or even first of all – the contemporary capital of Polish Junior Rowing Sports. Here in Kruszwica, in such wonderful nature surroundings, takes place most of the rowing regattas for youth, junior and U23 age categories.

Over the past few years, Kruszwica has been successfully hosted athletes from all over Europe for rowing events, including the European University Rowing Championships in 2009, the European Rowing Junior Championships in 2011, the European Rowing U23 Championships in 2017 and 2021.

We'd like to thank the regional and local government for their significant support, which has helped us to improve the technical standard of the venue every year. The wonderful volunteers working in the Organising Committee gain experience by taking on new challenges each year.

I truly believe that these Championships will bring the participants positive experiences and good results, as well as provide a memorable atmosphere for the spectators.

I wish all the competitors a very pleasant stay in our lovely, hospitable Poland. I wish you all a great sporting atmosphere and good weather, giving all the competitors equal opportunities and chances in the competition. I wish you a friendly, familiar atmosphere during the Championships and during your stay in our country.

Adam Korol  
President Polish Rowing Association

## Mikołaj Bogdanowicz The Mayor of Kruszwica

I am pleased to inform you, with great pride that European Rowing Under 19 Championships, which is a prestigious sports event, will take place in June 2024 in Kruszwica over a picturesque lake Gopło.

Kruszwica is strongly Associated with rowing and it can boast about many successes of the pupils From the rowing club „Gopło” Kruszwica – Club with over one hundred years of tradition. I am proud that our city is becoming an increasingly important center on the rowing map in Europe.

Our advantage is having appropriate sports infrastructure and natural rowing track which is located on the Gopło lake. I am happy, that Kruszwica once again will become a city where rowing tournament will take place and also will gather lots of outstanding athletes.

I am convinced that the tournament will be a great and unique sports event for the competitors, invited guests as well as the inhabitants of Kruszwica and Kuyavian-Pomeranian Voivodeship.

Mikołaj Bogdanowicz  
The Mayor of Kruszwica

## Kruszwica

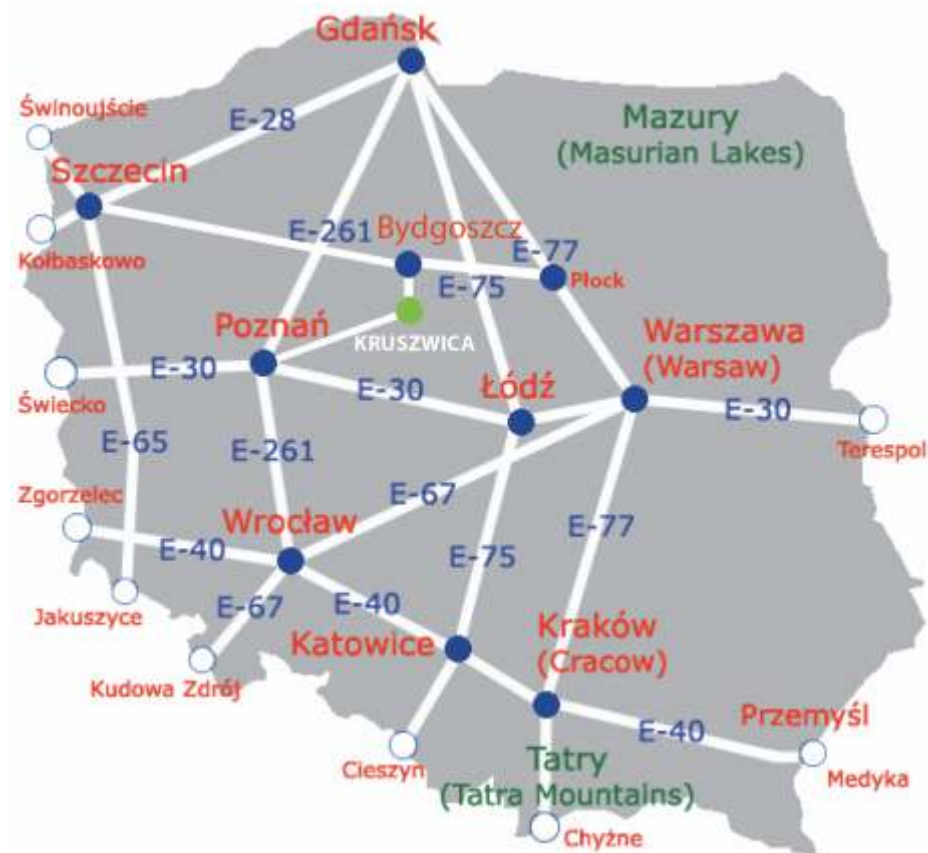

**Kruszwica** (52° 40'38" N, 18° 19'45" E) is a town in central Poland, situated at Lake Goplo in the Kuyavian-Pomeranian Voivodeship (since 1999), previously in the Bydgoszcz Voivodeship (1975-1998). Its population reaches 9,412 people (2004) living in the area of over 9,800 hectares. The town charter was granted to the settlement in 1422 by king Władysław Jagiello. Kruszwica, the legendary capital of Piast

Monarchy, with its administrative district has 26.219 hectares; the majority of the land is devoted to agriculture but 6,600 hectares is a reserve of Goplo Millennium Park. The name Kruszwica comes from a lump of salt which was called "kruszwa" in the Old Polish language. In the Middle Ages, salt was obtained from the underground and salt water of the neighbouring area. The emblem of the town is a picture of a green pear tree, a

traditional Polish symbol of wealth. Kruszwica is beautifully situated at Lake Goplo and its location is great encouragement to visit this magnificent district of Kujawy. One of the most famous monuments of Kruszwica is The Mouse Tower. Made of bricks, this octagonal tower is 32 meters high and it is situated on Rzepowski peninsula at Lake Goplo. The most interesting thing is the architecture because the tower inside has the round shape.

This is the part of a castle which was built by Kazimierz Wielki in 1350. At first, it was a small fort built in order to protect Kruszwica from the Knights of the Cross. After the breakdown of the Teutonic Order, it became a seat of Kruszwica's castellany. It was devastated by Swedes in 1657 after having been occupied by them for two years. The tower was bought back by Adam who gave the Swedes a ransom of pigs and cattle. Since 1895 it has been a tourist attraction and a vantage point.

## Regatta course

A natural rowing course situated in a Landscape Park, protected by the program Natura 2000 is a wonderful place to rest and to play water sports.

The post-glacial lake is a sheltered spot. The rowing club is situated just by the lake shore, near the regatta course, so it is very easy, comfortable and safe to keep the boats and to go down the water. The area of the club is fenced in and monitoring 24 hours a day.

Near the regatta course, there is a historical tower, 32 meters high,

which provides a great opportunity to admire wonderful views of the lake as well as the regatta course.

The activists of our “Goplo Kruszwica” Rowing Club have great experience in organising rowing competitions, including European Rowing Championship events with 700 competitors.

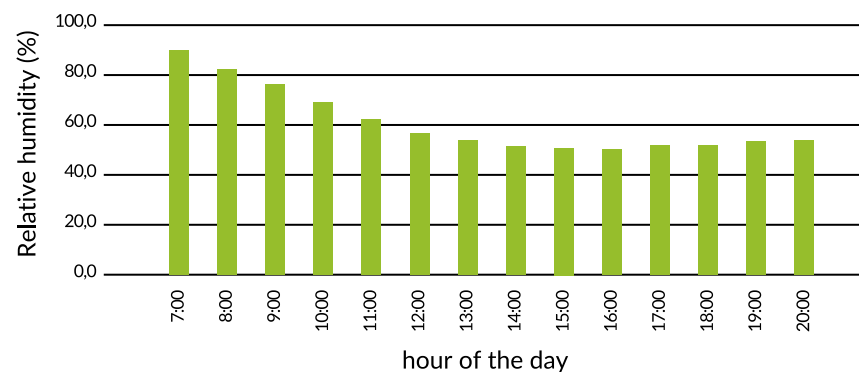

We have experienced rescue and medical services. Near the regatta course, there is a restaurant which serves tasty meals.

There is also a guarded car park for about 300 cars and buses.
